## NOTICE OF THE 17th ANNUAL GENERAL MEETING

Please be notified that the 17th Annual General Meeting of Kelab Vendor Perodua, Malaysia (KVP) will be held as follows:

Date : 18th May 2016 (Wednesday)

Time : 01:00pm ~ 04:15pm

Venue : Zamrud Room, Ground Floor  
The Saujana Hotel Kuala Lumpur  
Saujana Resort, Jalan Lapangan Terbang SAAS  
40150 Selangor Darul Ehsan, Malaysia

Agenda :

- 1) Confirmation of Quorum by Honorary Secretary
- 2) Welcoming address by KVP President
- 3) Speech by KVP Advisor
- 4) To adopt the minutes of the 16th Annual General Meeting
- 5) To receive the 2015 Annual Report
- 6) To receive the Honorary Treasurer's report and Audited Accounts of the Association for the year ended 31st December 2015
- 7) Amendments to the Constitution
- 8) Dissolution of committee for FY2014 ~ 2015
- 9) Election of new Office Bearers for FY2016 ~ 2017
- 10) Appointment of new Auditors for FY2016
- 11) Adjournment of the Annual General Meeting
- 12) Speech by newly elected KVP President
- 13) Closing Speech by President Perodua Auto Corporation Sdn Bhd
- 14) Presentation of Certificate of Appreciation for KVP Exco for FY 2014 - 2015

Itinerary :

12:00pm ~ 01:00am – Lunch at SENJA Restaurant, The Saujana Hotel Kuala Lumpur  
01:00pm ~ 01.30pm – Registration  
01:30pm ~ 03:30pm – Annual General Meeting  
03:30am ~ 03:45pm – Tea Break  
03:45pm ~ 04:15pm – Closing meeting in the Presence of Perodua (PCSB) Top Management

Yours faithfully,

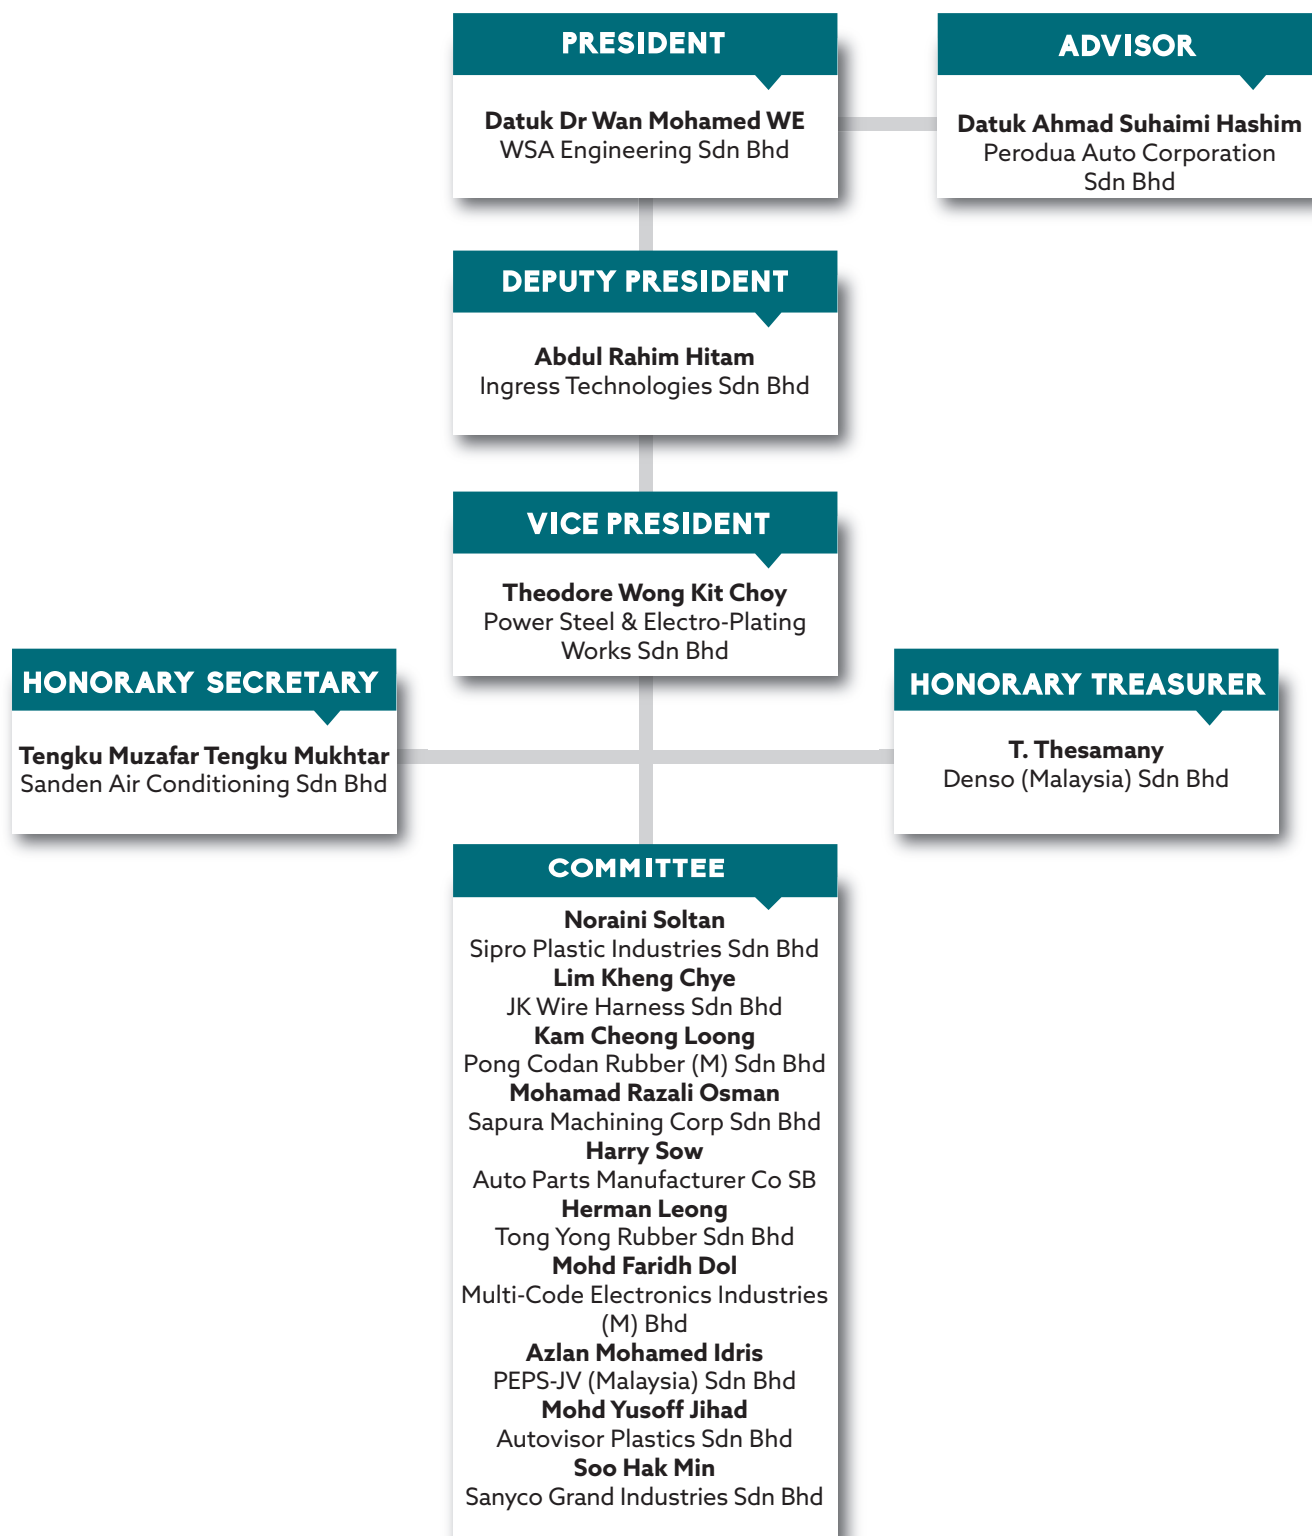

.....  
**Tengku Muzafar Tengku Mukhtar**  
Honorary Secretary  
Kelab Vendor Perodua Malaysia

## OBJECTIVES OF KELAB VENDOR PERODUA, MALAYSIA

1. To foster closer relationship amongst members and between members and Perodua Auto Corporation Sdn. Bhd. (PCSB) and create a sense of belonging to PCSB in the Malaysian automotive industry.
2. To organize talks, seminars, workshops and conferences beneficial to members as suppliers to PCSB especially on quality, cost and delivery (QCD) improvements, productivity, management, technical certifications, etc.
3. To promote and organize export programmes and to assist members in areas of Technical Assistance Arrangements, Joint Ventures and other business collaborations with foreign organizations.
4. To organize local and oversea tours for educational purposes and exposures in the automotive industry related events and activities.
5. To promote and establish good rapport and healthy relationship between members and the government agencies and other related authorities.
6. To act as a window or a channel for suppliers to PCSB and vice versa, to discuss, clarify, disseminate and inform on relevant and related issues and matters raised from time to time.
7. To organize functions and activities which are considered beneficial to members and PCSB.
8. To ensure cooperation with any party, company, organization, the public or individual, if in the opinion of KVP such cooperation can facilitate or assist in fulfillment the objectives of KVP.

## FOREWORD BY PERODUA AUTO CORPORATION SDN BHD, PRESIDENT AND KVP ADVISOR

Allow me to begin by saying thank you for the many achievements recorded for 2015 despite a more challenging industry environment with aggressive competition from foreign brands, the impact of the Goods and Services Tax or GST, weakening ringgit due to falling oil prices as well as its impact on the national economy.

Above and beyond these common challenges, we were also faced with another difficulty as the national automotive market share has fallen below the 50% mark for the second consecutive year.

However, despite these challenges we were still able to maintain our top position as the most preferred automotive compact brand for 10 years in a row and this achievement would not be possible without your commitment and cooperation.

This can be seen in Perodua's first quarter results as we sold 47,181 vehicles, representing 35.9% of the total industry volume of 131,267 vehicles ending 31st March 2016.

Overall, in 2015 Perodua sold over 213,300 vehicles over a production of 229,000 vehicles, our best ever performances despite all the challenges we faced. Of course, these achievements were made from sacrifices, teamwork, unwavering commitment and especially hard work from everyone.

Moving forward, we should further improve on our operations through quality level, cost efficiencies and higher productivity.

Despite the challenging situation seems to persist this year as consumers are still adjusting to the impact of GST and the economy is still soft due to the weakening of global oil as well as commodities prices, we believe that we will be able to meet our sales target of 215,000 vehicles this year.

But we need you to continue to work with us by further improving and transforming your respective businesses to meet with the current and future challenges.

It is only by doing so that we would be able to overcome any challenge and finally be global players.

Best regards

**Yasumitsu Morita**  
**President**  
**Perodua Auto Corporation Sdn Bhd**

**Y.Bhg Datuk Ahmad Suhaimi Hashim**  
**Managing Director**  
**Perodua Global Manufacturing Sdn Bhd**

## FOREWORD BY PRESIDENT OF KELAB VENDOR PERODUA, MALAYSIA

We acknowledged that the last two years have been a very difficult and most challenging years for the automotive manufacturing industry. However, despite the gloomy outlook, on behalf of KVP members I wish to congratulate the Perodua's Management and family for achieving the highest sale ever in 2015 for its Perodua cars.

We are confident that in 2016 Perodua would be breaking its own outstanding sale record with the introduction of its sedan model. This expended choice of models will no doubt help to reinforce Perodua's branding domestically apart from contributing to its growth matrix. With the strong brand positioning Perodua would have the competitive advantage to enhance its presence prominently both in the regional and global markets.

While we look forward to greater successes at Perodua, the present economic problems have left many of us with a sense of despair and uncertainties. Nonetheless, we have been fortunate that the Management and the Board of Directors of Perodua have extended a helping hand to the vendor's community through its various financial considerations. The understanding and kind gesture have helped us to travel the extra mile and bind the relationship that supports "common humanity" in time of need. On behalf of all the vendors, I would like to say a big thank you.

The past two years have also further affirmed that the only thing that is permanent is "change". Change is irrevocable and we must adopt and adapt to it in order to survive and sustain our business and life. To start with, we must change our point of view and discard our traditional ways and perspectives. We need to be "realistic" and perhaps enter the "defensive mode" of our business plans and strategies.

Firstly, with the present precarious weaknesses of one of the key industry players, it is anticipated that there would be more intense competition for a share in Perodua's business. Rather that compete and suffer the consequences of the potential negative impact from such "stampede", we must be prepared to consider a more strategic defensive move. And, this may include an inevitable search for alliances to merge or to some, even exiting the industry in order to prevent from total losses to our investments.

Secondly, there is a growing concern that the import of automotive parts and components from the neighbouring countries is trending upwards. In this regard, there is a broad consensus that most of these parts could be produced locally and will be more cost competitive. We are prepared to be the contract manufacturers to the "appointed" foreign suppliers.

The proposal requires a change in mind-set. Which could save and eliminate WASTE (unnecessary cost) such as packaging, transportation, handling and warehousing for the imported parts. The benefits could be shared by all parties.

Given the significant challenges facing the automotive industry, there is a need to revisit some of the past recommendations that have not been fully implemented. These include:

1. The presence of Pseudo CKD assembly operators. Many of them claim that their manufactured parts are produced locally in order to qualify for an excise duty reduction. To weed off this negative culture, the authority must enforce the rules of engagement.

2. Presently, the foreign car brands are given certain incentives and exemptions to encourage them to establish their CKD operations locally. They are required to help to grow the industry by exporting a significant percentage of locally assembled vehicles to overseas market.

Unfortunately, this is not happening. Instead their brands "crowd" the domestic market. This is unhealthy since the domestic demand is small and thus the auto manufacturing ecosystem will not achieve the economy of scale.

3. On matters related to the vehicle type approval (VTA) end of vehicle life, vehicle testing and inspection, the Malaysian standard for parts and components for the after sale market and others have yet to be implemented fully.

4. Since pick-up trucks are now popularly used as passengers' car, we would like to suggest that the Government reviews the classification of these vehicles for the purpose of standardization and application of excise duty parallel to other passenger vehicles.

Our vendor's community has come a long way since the last two and half decades to contribute to the industry and the economic growth and employment. Moving forward, the inevitable rapid changes in the global landscape of automotive industry must not only be seen as challenges but also as opportunities.

I also wish to thank all the automotive stakeholders and industry players especially MITI, MAI, MATRADE, Midf, MIDA and others for their unwavering support and assistance to the Malaysian Automotive Ecosystem.

The challenge for us to continue our endless efforts to achieve QCD+E global competitiveness, either on our own or through collaboration with others.

Yours truly,

**Datuk Dr. Wan Mohamed WE**  
**President,**  
**Kelab Vendor Perodua, Malaysia**

## WORD OF APPRECIATION TO MR. MORITA

As they say, all good things must come to an end. Although we are sad to see you go, we are happy to have had the opportunity to work with you. Morita san you will always be remembered for many reasons:

- As a person who soon recognized that vendors are important partners not just mere suppliers.
- A person who has mentored and inspired us to change.
- A person whose guidance has fuelled the vendor's community to be more efficient.
- A person who made us cringed when you gave us very tough cost down target.
- A person who brought significant changes at Perodua ecosystem and keep the brand at number one and broke the sale record of 213,000 Perodua cars with just three models.

On behalf of Kelab Vendor Perodua, Malaysia (KVP) we would like to thank you for your guidance and leadership.

We hope wherever you are, please continued to help open the markets for our parts to the Japanese auto makers.

Lastly, we wish you and family the very best – we will miss your magnanimous personality in Perodua.

**From the President and the Executive Committee Members KVP and its members.**

## KVP CEO GATHERING

The CEO Gathering 2015 was held at the Saujana Hotel Kuala Lumpur on 13th April 2015. The event which was attended by the Senior Management from Perodua, the CEO of Malaysian Automotive Institute and senior representatives from both KVP members and non-members started off with the opening remarks from KVP President, Y.Bhg Datuk Dr. Wan Mohamed WE followed by Y.Bhg Datuk Aminar Rashid Salleh, the President & CEO of POSB, who presented Perodua achievements and its challenges ahead. He stressed on a 5 years' roadmap for Perodua towards being a global company and expressed Perodua's hopes of the vendors working alongside them to achieve the said goal.

Mr. Yasumitsu Morita, the President of PCSB presented on the need of the vendors to move together by improving until they achieve the global standard in order for Perodua to compete in the global market. His presentation included vendors' performances for 2014 and how vendors needed to improve, the Perodua's expectations of vendors for 2015 was also started.

En. Mohamad Madani Sahari in his speech presented the road map set by the government towards achieving the goals of the National Automotive Policy (NAP). It was indeed the successful event with need for more such interactions to come.

## MEETING WITH MINISTRY OF INTERNATIONAL TRADE AND INDUSTRY (MITI) - FOREX

On 2nd October 2015, the Automotive Component and Part Manufacturer Associations were invited along with representatives from Perodua, Proton, Honda and Toyota to attend the meeting with MITI's Senior Director of Sectoral Policy, Pn Wan Suraya Wan Mohd. Radzi, and the CEO of the Malaysian Automotive Institute, Y.Bhg. Dato' Mohamed Madani Sahari, on the current forex issues plaguing the industry.

For the last 1.5 years, the USD has been strengthening against the MYR to as much as 16%, and this has brought hardships to the vendor community especially for the purchase of imported raw materials and tools. Kelab Vendor Perodua Malaysia (KVP) through its President, Y.Bhg. Datuk Dr Wan Mohammed WE, presented its findings on the losses suffered by the vendors due to the adverse foreign exchange movements. The gathering agreed on the findings. With the encouragement of the Ministry, OEMs agreed to assist vendors, by allowing the individual vendor to submit directly to the respective OEMs its report on their losses. While not all the OEMs could confirm on the timing and the formula to reimburse the vendors, programmes have either been or soon to be instituted for this purpose.

Since early last year, Perodua has already commenced such assistance programmes, though KVP has had many meetings with them to decide on the formula applied. It was reported however in a separate forum that the numbers participating in the programmes were not too many. However since then, the numbers have risen.

## SHARING OF PERODUA “THINKING WAY” TRAINING WORKSHOP

The Sharing of Perodua “Thinking Way” training workshop, were held from 25th May 2015 till 18th June 2015. A total of 85 senior management personnel from 28 vendor companies participated. In order to achieve maximum effectiveness and focus, the workshops were conducted in three small groups and facilitated by experienced Perodua senior managers.

The modules followed were as follows:

Part A - Dojo Development & Education Session

Part B - Sharing Thinking Way Session

Part C - TeSIAR Case study by Vendors

Part D - Vendor Presentation

The organizers had hoped to convey to the participants the following work ethics:

- 1) To have the same level of understanding of Basic Manufacturing Knowledge & Culture for better productivity
- 2) “Stop defect outflow” to make customers happy
- 3) To study own condition based TeSIAR issued
- 4) To evaluate vendors understanding on the programme

As a follow up from the previous workshops, Perodua organized another session called “Sharing Perodua Thinking Way Evaluation Session” which was held from 13th till 15th October 2015. This half day sessions were conducted by the VED Teams of Perodua and the top management from all of the companies involved previously had been invited in order for them to hear the feedback and see the progress of evaluations based on their expectations.

## LOCAL PLANT VISIT TO UNITED SANOH INDUSTRIES SDN. BHD

On 20th November 2015, KVP organized a local study visit to United Sanoh Industries Sdn. Bhd., which is located in Meru, Selangor.

This half-day event had received an overwhelming response from 50 participants from 27 KVP members, including 3 KVP Exco Members and 1 participant from the PVD-VMS Department of Perodua. The objective of this event was to observe and learn the best manufacturing practices of the winner of the Overall Best Supplier of Perodua award for the year 2014.

The participants were warmly received by United Sanoh Industries Sdn Bhd management team, headed by Dato Wong Kam Fuat, Mr Michael Khoo and Mr Bernard Ng. They gave a presentation of the company's products and organization structure and also shared information on their manufacturing processes and control points with all the participants.

After the Safety Briefing, the participants were taken into the plant for a factory tour. We witnessed the processes involved in the manufacturing of automotive tubing used for brake and fuel systems. After the factory tour, we were treated to a selection of local food by the host. We had a very successful and informative visit and we would like to express our deepest gratitude and appreciation to the Management and Staff of United Sanoh Industries Sdn Bhd for their hospitality during our local study visit event.

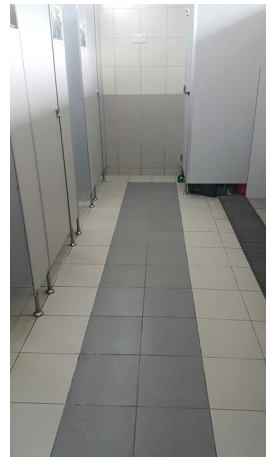

## KVP PLANT VISIT TO PGMSB

On 21st October 2015, the KVP committee were invited to visit Perodua Global Manufacturing Sdn Bhd (PGMSB) which was build adjacent to the current PMSB & PEMSB facilities in Sg Choh, Rawang. The plant which houses the assembly and paint facilities were completed in 2013 with full scale manufacturing commencing in late 2014.

PGMSB is the first automotive manufacturing company in Malaysia to be accorded the Energy Efficient Vehicle (EEV) certification by the Malaysian government. The state of the art facilities not only introduced new ventilation/cooling systems within the plant premises, the many robots used on the manufacturing lines have reduced various aspects of its manufacturing processes, primarily the manpower and reject ratios. Construction of the plants started in March 2013. Built-up is at 64,000 square meters. Total investment at the start reached RM1.3 billion. PGMSB is able to produce 100,000 vehicles per annum on a single shift.

Besides the manufacturing lines, the members were also given a tour of the paint shop locker rooms, canteen and prayer facilities. The team noted that PGMSB in return for a highly disciplined workforce, had spent substantially to make their workforce happy with good food served at the canteen and ample space for their religious obligations. With such good experience during the visit, the committee has requested PGMSB to open the plant to visits by KVP members especially in their pursuit to be a world-class manufacturer. PGMSB is definitely now leading the way of how high technology coupled with disciplined Malaysian workforce can produce highly competitive and affordable cars.

## CHARITY PROGRAM - FLOOD VICTIMS IN THE EAST COAST

In one of the worst floods that inundated many parts of the east coast of Malaysia in December 2014, together with many other caring citizens, Kelab Vendor Perodua, Malaysia has made an initiative to help the victims. MAI led the relief efforts for the automotive vendors community by being the collection centre for supplies which they later transported to the relief centres of the affected areas.

KVP has managed to collect a total of RM31,300 cash donations from KVP members. Members also contributed clothes, rice, dry food, and drinking water, items for daily necessities and Goods for schooling needs. We wish to thank all KVP members for your contributions which proves that we Malaysians are a caring society.

KVP President, Datuk Dr. Wan Mohammed WE handed the cheque to the CEO of MAI, En. Madani Sahari at the CEO Gathering which was held on 13th April 2015.

## KVP 17th ANNUAL DINNER 2015

The KVP 17th Annual Dinner 2015 was held on 16th of December 2015 at the Sime Darby Convention Centre, 1A Jalan Bukit Kiara 1, 60000 Kuala Lumpur. This annual event was officiated by YB. Datuk Hj. Ahmad Bin Hj. Maslan, Deputy Minister of International Trade and Industry, Malaysia and was well attended by almost 1000 people comprising staff of member together with other government agencies such as Malaysian Investment Development Authority (MIDA), Malaysian Industrial Development Finance Berhad, SME Corporation Malaysia as well as the Malaysia Automotive Institute (MAI).

The night began with the welcome speech by YBhg. Datuk Dr. Wan Mohamed WE, President of Kelab Vendor Perodua Malaysia followed by the speech from YBhg. Datuk Aminar Rashid Salleh, the President & CEO of Perusahaan Otomobil Kedua Sdn Bhd and Mr. Saburou Yagi, the Executive Officer of Daihatsu Motor Co., Ltd. These were followed by the speech from our Guest-of-Honour, YB. Datuk Hj. Ahmad Bin Hj. Maslan.

As part of our CSR activity, we had KVP Caring Society Contribution, which was given to Asrama Damai Anak Yatim Kuang. The Perodua Vendor award were given four (4) categories and the winners being as follows:

VENDOR NAME	AWARD CATEGORY
Best Overall QCD Performance Vendor	LSF TECHNOLOGY SDN BHD
Excellent Quality Vendor	1. ASAHI BEST BASE SDN BHD 2. ASIAN AUTOMOTIVE STEELS SDN BHD
Excellent Delivery Vendor	1. POWER STEEL & ELECTRO-PLATING WORKS SDN BHD 2. BETAMEK ELECTRONICS (M) SDN BHD
Excellent Cost Reduction Contribution Vendor	1. PERMINTEX SANKO TECHNOLOGIES SDN BHD 2. CLARION (MALAYSIA) SENDIRIAN BERHAD
