NOTICE OF THE 19TH ANNUAL GENERAL MEETING

Please be notified that the 19th Annual General Meeting of Kelab Vendor Perodua, Malaysia (KVP) will be held as follows:

Date : 7th May 2018 (Monday)
Time : 02:00pm ~ 05:30pm
Venue : Zamrud 1 & 2
The Saujana Hotel Kuala Lumpur
Saujana Resort, Jalan Lapangan Terbang SAAS
40150 Shah Alam, Selangor Darul Ehsan

Agenda :

- 1) Confirmation of Quorum by Honorary Secretary
- 2) Welcoming address by KVP President
- 3) Speech by KVP Advisor
- 4) To adopt the minutes of the 18th Annual General Meeting
- 5) To receive the 2017 Annual Report
- 6) To receive the Honorary Treasurer's Report and Audited Accounts of the Association for the year ended 31st December 2017
- 7) Dissolution of committee FY2016 ~ 2017
- 8) Election of New Office Bearers FY2018 ~ 2020
- 9) Appointment of new Auditors FY2018 ~ 2020
- 10) Adjournment of the Annual General Meeting
- 11) Speech by newly elected KVP President
- 12) Closing Speech by President of Perodua Auto Corporation Sdn. Bhd.
- 13) Presentation of Certificate of Appreciation for KVP Exco FY2016 - 2018

Itinerary :

02:00pm ~ 02.30pm	– Registration
02:30pm ~ 04:30pm	– Annual General Meeting
04:30pm ~ 05:00pm	– Tea Break
05:00pm ~ 05:30pm	– Message by the President of Perodua Auto Corporation Sdn. Bhd.

Yours faithfully,

Thesamany Tesaguru
Honorary Secretary
Kelab Vendor Perodua, Malaysia

KVP OBJECTIVES

To foster closer relationship amongst members and between members and Perusahaan Otomobil Kedua Sdn Bhd (PERODUA) and its subsidiaries.

To create a sense of belonging to PERODUA in the automotive industry.

To organize talks, seminars, workshops and conferences beneficial to members as suppliers to PERODUA especially on quality, cost and delivery (QCD) improvements, productivity, management, technical certifications, etc.

To promote and organize export programmes and to assist members in areas of Technical Assistance Arrangements, Joint Ventures and other business collaborations with foreign organizations.

To organize local and oversea tours for educational purposes and exposures in the automotive industry related events and activities.

To promote and establish good rapport and healthy relationship between members and the government agencies and other related authorities.

To act as a window or a channel for suppliers to PERODUA and vice versa, to discuss, clarify, disseminate and inform on relevant and related issues and matters raised from time to time.

To organize functions and activities which are considered beneficial to members and PERODUA.

To ensure cooperation with any party, company, organization, the public or individual, if in the opinion of KVP such cooperation can facilitate or assist in fulfilment the objectives of KVP.

**FOREWORD BY PERODUA AUTO CORPORATION SDN BHD,
PRESIDENT AND KVP ADVISOR**

Congratulations to all KVP members for their achievements last year was one of the best in its history.

Kelab Vendor Perodua, or KVP, is a very important body. It serves as a platform for the vendors to work closely with Perodua, Daihatsu and the government in not just for Perodua but also for the greater good of the Malaysian automotive ecosystem.

KVP must now play an even more important role to guide its members and in improving its already good relations with non-members as we move as one.

Continue to communicate with one another to learn from each other's experiences. Believe me, there's no way you can make all the mistakes by yourself. So please, take every opportunity you can to learn from others as well.

The improvements made over the last few years have been significant. I wish to encourage you to further improve your operations so that we can continue to grow with one another.

Please continue to focus your efforts on improving your operations by discussing and learning your achievements as well as shortcomings through PCDA as it is a powerful and effective tool for improvement.

For the incoming KVP Leadership, I hope that you look towards further improving the effectiveness of this body and build on the successes that the current team has achieved.

Your role and the EXCO role in further improving the relationship between KVP members and Perodua as well as Daihatsu, while at the same time enhancing government ties.

Good luck and thank you.

Best regards

Masanori Takahashi
President
Perodua Auto Corporation Sdn Bhd

Y.Bhg Datuk Ahmad Suhaimi Hashim
President
Perodua Global Manufacturing Sdn Bhd

FOREWORD BY THE PRESIDENT OF KELAB VENDOR PERODUA, MALAYSIA

Time passes quickly. It has been four years since I was elected to lead the Kelab Vendor Association and I have had these challenging but wonderful years working with its committee and members, Perodua's management and staff, government officials and all the stakeholders. I wish to also take this opportunity, from the bottom of my heart and say thank you for your kind support and understanding.

During the last four years, my journey has been colored by many significant events running parallel with the country's economy. This includes politics and business environment that underwent serious challenges to the survival, relevancy and **sustainability of the Malaysian Automotive Manufacturing Ecosystem (MAME)**. The lists are endless, but many are significant enough to impact our ecosystem. For example, the introduction of the **Goods and Services Tax (GST)**, **the continuous political challenges and massive price contraction of crude oil together with the regular changes in the labor laws and costs** are some of the contributory factors causing the volatility and depreciation of Malaysian Ringgit (MYR) by almost 30.0% against the US dollar. The latter has adversely affected production and demand for Light Motor Vehicle (LMV).

The impact on some of the key OEMs has been so significant that to date, its production and sales are still at below breakeven levels. And this has caused a negative domino effect thus on many KVP members.

During these challenging periods, Perodua has been the "shining armor" that continues to lead the domestic market with an annual sale of about 200,000 units covering both the old and new models - the Alza, Axia, Bezza and the new Myvi. The company has been recognized as making the right and appropriate decisions while at the same time strengthening the trust for its brand in the market.

All the KVP members have benefited from the extended "olive branch" that helped to lessen the burden in facing the difficult operating conditions through the following considerate actions:

1. Adjusting the parts' price based on the average quarterly forex changes.
2. Making bi-monthly payments with 30-day terms from invoice, and
3. Upfront the tooling costs on the new models, and
4. Introduced Genba educational visit to world class overseas vendors

The KVP Executive Committee has been busy organizing all the mandatory events while simultaneously adding new activities to enhance the image and capabilities of its members.

The Committee has also been in the forefront pushing for policy changes and lobbying for more support from the relevant Government Ministries and Agencies namely the Ministry of International Trade and Industries and its agencies such as MIDA, MAI, Matrade and Midf.

The significant activities and the major breakthroughs to report in this annual report are as follows:

- A. Recognition of the 50:50 joint venture company between the local and the foreign party. This has entitled the venture company to be eligible for government support and grants. The outcome of this effort will ensure greater successes of our members to form strategic business alliances and expand the export their products with shared technology and global market networks of the overseas partner(s),
- B. Indulgence by financial institutions to allow longer term repayment of loans,
- C. Bank Negara assistance in restructuring of loans for SME and large companies.
- D. Special interest free loans on selected business and companies

Moving forward I strongly urge the new KVP team to continue the present engagement with Perodua Management and the Government on the National Automotive Policy.

On another issue, the **continued proliferation of small pseudo SKD (SP_SKD) assemblers** may not be good in the long-term interests of the current Malaysian Automotive Manufacturing Ecosystem (MAME) players especially the vendors. This is particularly so since the SP-SKD mainly import Semi-Knock Down (SKD) with an insignificant number of parts being manufactured locally due to the uneconomic scale of operation. Their latter, chances to grow and rival the existing players on there are minimal. Some of these SP_SKD have been operating at low and uneconomical scales for ten of years. In fact, they are operating as a trading, but disguised as a "manufacturing" company with very small economic multiplier effects. The new team may want to urge the government to consider stopping completely any additional customize incentives for new SP_CKD operators.

We need to focus on the current bona-fide CKD and OEMS players and ensure they get all the supports for them to grow and graded, but significantly increase the exports of LMV assembled/manufactured in Malaysia.

As this will be my final message as President, I wish to put on record my sincere appreciation and thank you to everyone in the Perodua Management, YBhg. Datuk Aminar Rashid Salleh, Mr. Takahashi Masanori, YBhg. Datuk Ahmad Suhaimi Hashim, all the Executive Directors and senior staff for providing the necessary support during our difficult operating business environment during the last four years.

I would like to urge all members to continue to work together and give the full support and trust to enable Perodua to achieve its positioning as ASEAN and global brand before the magic year of 2020.

I am confident that our members will continue its efforts to keep improving the Safety, QCD + E competitiveness to meet future challenges. Perhaps as a growth option, we MUST be open to the participation of foreign companies as partners and/or consolidate to be become bigger, better and more competitive.

Thank You

Datuk Dr. Wan Mohamed WE
President, Kelab Vendor Perodua

KVP CEO GATHERING 2017

The KVP CEO Gathering 2017 in conjunction with a Chinese New Year Dinner was successfully organized on 13th February 2017 at The Saujana Hotel Kuala Lumpur. The event which was attended by both the top and senior management from Perodua as well as senior representatives from KVP members which consist of 172 participants from vendor companies was overwhelming.

This event started with an opening remarks by KVP President, Y.Bhg Datuk Dr. Wan Mohamed, followed by a presentation from the winner of Perodua 2016 Best Vendor Award's Suria Components Manufacturing (M) Sdn Bhd.

Mr. Takahashi Masanori, the President of Perodua Auto Corporation Sdn Bhd together with his senior management delivered Perodua's transformation progress, it's direction and request to the vendors' CEO and its senior representatives.

The closing remarks were delivered by YBhg. Dato' Zainal Abidin Ahmad, the Vice President of Perodua Auto Corporation Sdn Bhd followed by YBhg. Datuk Ahmad Suhaimi Hashim, KVP Advisor cum President of Perodua Global Manufacturing Sdn Bhd.

The Chinese New Year Dinner was celebrated with a lion dance performance followed with the toast & tossing of Yee Sang among the Perodua Top Management together with the KVP Members.

KVP & PERODUA WORKING OVERSEAS VISIT TO THAILAND

We are all facing demanding times these days. Not only are we expected to be cost competitive, we are to be ahead of our competitors through technology, our peoples' attitudes and quality. Failures in all these increase the risks of having us removed from our customer's preferred vendors list, ultimately.

At the beginning of March 2017, Perodua under the leadership of Mr. Takahashi Masanori, the President of Perodua Auto Corporation Sdn Bhd, initiated and organized an overseas study visit to 5 plants in Thailand over 2 days. The activity led by Mr. Takahashi Masanori himself was extended to last year's award winner, and the KVP EXCO members. The plants visited included:

- i. NHK Spring (Thailand) Co., Ltd.
- ii. Ogihara (Thailand) Co., Ltd.
- iii. Bangkok Metropolis Motor Co., Ltd.
- iv. Thai Arrow Products Co., Ltd.
- v. Bangkok Spring Industrial Co., Ltd.

These plants which were a mixture of Japanese MNCs and local Thai companies were selected by Mr. Takahashi Masanori in collaboration with (now)

Toyota Daihatsu Engineering & Manufacturing Co., Ltd. (TDEM) for their strengths in Safety, Training, Quality, Lean Management and Leadership. For some of us who had visited some of these plants some 13 years back, the changes and improvements seen are phenomenal and these were all made possible by the leadership in all these plants / companies and support from their customers, primarily Toyota. If we say that the plants do not have problems, we are mistaken. They too face issues such as manpower shortages and quality awareness. However, the method employed to overcome those issues differ. The retention of skilled and able personnel is emphasized through training, with recognition and delegation authority to their respective downlines felt throughout the operations.

At the end of the visits, the participants were asked to present what their thoughts were of the companies visited, and the plans they intend implementing in their own plants to reach the levels seen (with expectations). Perodua will coordinate visits to gauge the status of the implementations and where needed to provide support, guidance and people to further enhance the improvement activities initiated. This is only the beginning of more and similar activities to come. We need to feel that Perodua is looking after our welfare, and in turn we hope Perodua sees Malaysian vendors as able and supportive global players.

KVP LOCAL PLANT VISIT TO NORTHERN REGION

The KVP has decided to follow the excellent initiatives taken by the President of Perodua Auto Corporation Sdn Bhd Group, Mr Takahashi Masanori to arrange the Genba Study visit to globally competent vendors in Thailand. The visit was however limited to only the Award winners and KVP Exco members.

Since KVP believe the success of the Perodua Ecosystem requires all vendors to be SQCDE (Safety, Quality, Cost, Delivery and Engineering) competitive, KVP Excos decides similar opportunities to be provided to other members and this shall be made as part of the KVP annual mandatory activity.

A KVP local plant visit to Northern region was organized between 2nd and 4th May 2017. The three-day programs cover the visit to the following multinational and local companies:

- 1) J.K Wire Harness Sdn Bhd
- 2) Malaysian Automotive Lighting Sdn Bhd
- 3) Robert Bosch Automotive Steerings Sdn Bhd
- 4) Flextronics Technology Sdn Bhd

This 3D2N program had received an overwhelming response with 45 participants from 26 vendor companies, KVP EXCO and Perodua top management including Mr. Takahashi Masanori.

Based on the response from all participants the visit was considered very successful in meeting the objectives to observe and learn from the best practices in meeting the global standard SCQCDE as well as further deepen the relationship among all the stakeholders.

A similar visit has been planned to visit a number of progressive and successful companies in the Central and Southern in January 2018.

Organizing Chairman,
Datuk Dr. Wan Mohamed WE
Kelab Vendor Perodua, Malaysia

KVP's 'Pit Stop' CORPORATE SOCIAL RESPONSIBILITY PROGRAM

This year the club with the funds collected from the KVP golfers for last year's charity hole at the 2016 KVP Golf Tournament was used to support a dinner service and the purchase of new kitchen equipment for Pit Stop Community Cafe, a Soup Kitchen in the heart of Kuala Lumpur.

The KVP CSR program was successfully organized on 12th August 2017 at The Pit Stop Community Café which is located at Jalan Tun H.S Lee, City Centre Kuala Lumpur.

Basically, the Community Cafe offers individuals and groups the chance to serve through sponsorship and voluntarism through various programs. It

reaches out to marginalized communities through food, most notably its Pay-As-You-Can dinner service. On average the daily dinner service for the marginalize communities gathers anywhere between 120 to 200 dinner clients.

Most of the KVP EXCO together with our KVP Advisor, YBhg. Datuk Ahmad Suhaimi Hashim, En. Abdul Hayy & En. Borhan Din from Perodua's Senior Management and their respective family registered as volunteers for that day's dinner service to help prepare, serve and clean.

Our deepest appreciation and a big thank you to all those golfers from Perodua and KVP who have generously contributed to this year CSR program.

Organizing Chairman,
Michael Khoo
Kelab Vendor Perodua, Malaysia

KVP 17th ANNUAL GOLF TOURNAMENT 2017

KVP's 17th Annual Golf Tournament was successfully held on 23rd September 2017 with the participation of 112 enthusiastic golfers at the Amverton Cove Golf & Island Resort, Pulau Carey Selangor with our Guest of Honour, Mr. Takahashi Masanori, the President of Perodua Auto Corporation Sdn. Bhd.

In great support of our yearly tournament, Perodua not only sponsored the hole-in-one prize of a BEZZA (S) but also the grand prize of a Limited-Edition COACH ladies handbag besides a generous cash contribution to cover the expenses of the tournament.

A Heartfelt Congratulations to all the winners and KVP wish to extend our sincere gratitude to Perodua Corporation Sdn Bhd and KVP members for their support and the overwhelming response in participating and sponsoring the prizes for the tournament.

We would like to express our appreciation and acknowledgement to all of the Perodua and KVP golfers who donated graciously for the charity hole. We hope to benefit those in need while relishing our comradeship thought our yearly tournament. Thank You All.

Co-Organizing Chairman's,
Mohamad Razali Osman & Michael Khoo

KVP LOCAL PLANT STUDY VISIT TO SURIA COMPONENT MANUFACTURING (M) SDN BHD

On 11th October 2017, KVP had organized a local study visit to Suria Component Manufacturing (M) Sdn Bhd, which is located in Shah Alam, Selangor.

This half-day event had received an overwhelming response of 40 participants from 25 companies together with 3 KVP EXCO Committee members and 2 participants from the PVD-VMS Department of Perodua. The objective of this event was to observe and learn the best manufacturing practices of the winner of the Best Overall QCD Performance Vendor Award by Perodua for the year 2016.

The participants from KVP were warmly welcomed by Suria Component Manufacturing (M) Sdn Bhd's management team and they shared with us a presentation of the company's business

and organization structure. En. Musa Zahidin, the Managing Director of the company also gave us a very inspiring account of how he started the company from scratch and built it up to become the Award-winning company of today. Human Capital Development was highlighted to have played a very big part in building the culture and spirit of the company. After the Safety Briefing, the participants were divided into 2 groups and were taken into the plant for a factory tour. We witnessed the efficient processes involved in the manufacturing of the products.

All-in-all, it was a very successful event and we would like to express our deepest gratitude and appreciation to En. Musa and the Management and Staff of Suria Component Manufacturing (M) Sdn Bhd for being such a gracious host during this local study visit event.

Organizing Chairman,
Lim Kheng Chye

KVP 19th ANNUAL DINNER 2017

This event has been successfully organized on 14th November 2017 at the Putrajaya Marriott Hotel. This annual event was graced by Y. Bhg. Dato' Khodijah Abdullah, under Secretary of Tax Division, which representing the Y.B Dato' Wira Othman Aziz, the Deputy of Finance Minister I.

Special thanks to the vendors who are continuously supporting the event which is one of our most successful events and was attended by more than 1000 people compared to what we have experienced over the last year.

There was an exhibition held at the foyer of the Grand Ballroom before our dinner. This exhibition was organized by the Perodua PVD team together with the KVP Organizing Committee. 11 Perodua vendors have been nominated to participate in this showcase and to promote their best practices which have been selected under the categories of Safety, Environment, Quality, Cost and Delivery. Each of these Vendors is required to promote their 'Best Practices' so that other vendors can adopt some of these useful manufacturing practices.

The exhibition was a success as it was observed that all the exhibitors' stations were crowded with visitors by participants attending the dinner event; especially, the VIPs, dignitaries from the Government departments and Perodua Senior management. KVP would like to record our great appreciation to Mr. Takahashi Masanori, President-PCSB, for proposing and supporting this idea of 'Showcase-Best Practices' among Perodua Vendors to inculcate and level-up all our members' capabilities especially in QCD.

As part of KVP's CSR activities under the auspicious of 'KVP Caring Society Contribution', a donation of RM 5,000 was presented to Pusat Tahfiz Darul Quran Ittifaqiyah at the dinner event.

As usual, the highlight of this annual dinner was the presentation of Perodua Vendor Annual Awards, which carried a very attractive theme this year. A total of five (5) award categories were presented from PMSB and three (3) award categories from PSSB. The list of winners are as follows:

NO	VENDOR AWARD WINNER FROM PMSB	AWARD CATEGORY
1	AUTOMOTIVE INDUSTRIES SDN BHD	<i>Special Appreciation for D20N Vendor Award</i>
