**BY PERODUA AUTO CORPORATION SDN BHD,  
PRESIDENT AND P2SA ADVISOR**

We congratulate you on the success of your recent rebranding, from the Perodua Vendors Club (KVP) to the Perodua Suppliers Association (P2SA), which symbolises your commitment towards more positive change.

This change is not only for P2SA as Perodua has also announced a group-wide transformation to drive efficiency, change and harmonisation within the organisation.

Datuk Suhaimi is now Perodua Auto Corporation Sdn Bhd Vice-President, which means he will oversee both PGMSB's and PMSB's operations.

This is important because moving forward, the changes and improvements at both production facilities will be on par with each other, and this will directly impact all of you as procurement will be standardised throughout.

Not forgetting Perodua's sales operations – the changes announced by Perodua President and CEO Dato' Zainal Abidin Ahmad will also see the streamlining of thinking between manufacturing and sales operations, so that we can benefit from the synergies we have as well as eliminate any redundancies within the organisation.

We would like to see the same levels of closeness and harmony between Perodua and P2SA, so we can also further reduce wastage and reap the mutual benefits.

We hope you have a productive and meaningful Annual General Meeting and that all of us continue to change for the better.

Best regards

## FOREWORD

BY THE PRESIDENT OF  
PERODUA SUPPLIERS ASSOCIATION

It is indeed with great humility and humbleness that I would like to express my utmost gratitude to all members of Kelab Vendor Perodua (KVP) now known as Perodua Suppliers Association (P2SA) whom have unanimously chosen us, your new executive committee to represent you for the term 2018~2020. Undoubtedly, the challenges facing our industry and the ecosystem today has become severer with changes in government, new rules and regulations, changes in technology, external competition from within and outside our traditional industry to name a few.

Irrespective of one's opinion, it is undoubtedly inevitable that industry 4.0 is here, MAAS (Mobility as a service) is here, Big Data Management is here, Alternative Fuel Vehicles (AFV's) are here and regardless of our sentiments, these changes are here to stay. The clear transformation of our ecosystem due to technological trends has a major impact to all of us. Car manufacturers and component suppliers are beginning to come to terms with this shift and are under severe pressure in transforming their respective operations.

As a prelude to embracing these changes, I'm grateful to all (in supporting our EGM) and hopeful that our name change signifies our new commitment in embracing and providing us with new spirit to fuel our very own transformation. In recent years, your association has started local and international benchmarking visits to best companies in the hope of being able to adopt and apply best practices into our own organizations. Perodua via Mr Takahashi has been instrumental in introducing the international benchmarking program. We are indeed grateful for this opportunity and exposure and we hope this program shall continue. It must be noted that those winners who participate in this program, must not only implement what they have observed as best practice in their respective companies BUT are also required to share their experiences and know how to all members during PMBC. This knowledge transfer process benefits all of us.

Furthermore, your committee shall also continue to organize local study visits to best vendors located within Malaysia and I would like to take this opportunity to thank all companies whose names are mentioned in this annual report for opening your doors and providing excellent hospitality to our members during the respective visits. Special thanks to our P2SA Advisor and PGMSB President, Datuk Ahmad Suhaimi Hashim and team for receiving 70 P2SA member companies this year.

Several significant events took place this year including the appointment of YBhg. Dato Zainal Abidin Ahmad as President and CEO of Perodua replacing Datuk Aminar Rashid Salleh. This was followed by changes to several key positions in Perodua Top Management where the committee would like to express our congratulations to all concerned. I am confident that under the leadership and wisdom of Y Bhg. Dato Zainal Abidin Ahmad, Perodua, Suppliers and our ecosystem shall continue to grow from strength to strength. I believe the new leadership is well on its way in retaining the position of the No.1 car maker in Malaysia for years to come.

Finally, I would like to sincerely thank the EXCO members for their diligent and assiduous efforts in making all our programs a resounding success. I am grateful for the unwavering spirit and support. To all members of P2SA, please continue your strong support and patronage as it provides unimaginable encouragement for us to do the best for all.

Wassalam.

**Musa Zahidin Tan Sri Ahmad Zaidee**

## P2SA LOCAL PLANT STUDY VISIT

## SOUTHERN REGION

Based on the success from the Northern Region local study visit, P2SA made a plan to visit the Southern region selected suppliers and was successfully organized between 25th till 26th January 2018. P2SA believes that the success of the Perodua Ecosystem requires all vendors to be SQCDE (Safety, Quality, Cost, Delivery and Engineering) competitive, thus P2SA decided to organize this activity for the benefit of all members to learn from the best practices of fellow suppliers.

The two-day programs cover the visit to the following multinational and local companies:

- 1) Denso (Malaysia) Sdn Bhd
- 2) SKF Bearing Industries (M) Sdn Bhd
- 3) BASF (M) Sdn Bhd
- 4) Multi-code Electronics Industries (M) Sdn Bhd

This 2D1N program had received an overwhelming response with 43 participants from 27 vendor companies, P2SA EXCO and Perodua top management.

Based on the response from all participants the visit was considered very successful in meeting the objectives to observe and learn from the best practices in meeting the global standard SQCDE as well as further deepen the relationship among all the stakeholders.

## P2SA's CORPORATE SOCIAL RESPONSIBILITY PROGRAM 2018

From the funds collected from the Perodua and P2SA golfers for last year's charity hole at the P2SA Annual Golf Tournament 2017, P2SA selected Tadika Senyum Manja in Kapar, Klang that is supporting under-privileged pre-school children to be its recipient.

Tadika Senyum Manja is run by Ms Ranchany Lata Rajoo. She supports her centre by washing cars part time in the evening. She is studying for her higher diploma in spite of dropping out of school at an early age. With her passion for education, she made her mission to provide schooling opportunity for under-privileged children which she never had, she spends the better part of her day using much of her own money to run Tadika Senyum Manja, teaching the curriculum set by the Education Ministry and utilising whatever support and training she can get such as UNICEF (United Nations International Children's Emergency Fund) in partnership with Asian Institute for Early Child Care and Education.

Ms. Lata Rajoo starts her day using a friend's van to drive students who cannot afford their own transportation to school. With the help of an assistant teacher, she stretches all the resources she has available and together they find creative ways to make learning fun and fulfilling for the children.

Last year golf charity funds helped her pay for 12 months of rental for the small single-story corner house which is rented to set up the kindergarten.

P2SA wish to thank Perodua and P2SA golfers whom have generously contributed via the charity hole to this year CSR program.

## KARAKURI PROGRAM 2018

P2SA with a collaboration with MAI and Perodua had organized various activities in the year 2018 for the benefit of the members among which is the "Kakakuri Program". The objective of this program is to enhance local vendors capabilities and competitiveness through Karakuri approach.

Karakuri was first introduced to the PERODUA Suppliers during the 19th P2SA Annual Dinner Showcase in 2017 whereby Takahashi San requested PERODUA together with DENSO to exhibit their Karakuri innovation and how it could assist to improve productivity, human motion, ergonomic and etc. in the manufacturing environment.

As a pilot program, a total of 30 participants from 15 companies among PERODUA suppliers were selected for the 1st batch of the Karakuri Program which commenced in May 2018.

The special training module was established before commencing the classroom training for 1 week to expose the participants with basic knowledge about Karakuri which covers both theory & practical. Upon completing the classroom training, the participants were then given an opportunity to get to see how Karakuri is actually implemented in the real manufacturing environment thru the Gemba study tour at PERODUA and DENSO.

The most significant part of this Karakuri Training Program is the "Mentoring" session. After the 1-week classroom training, the participants with the guidance of the trainers were assigned to make a compulsory project to implement actual Karakuri at their own company. The participants were supervised closely by the trainers until the project is successfully completed.

The winner has been selected based on their creativity and impact of Karakuri. Congratulations to all winners and the results of the projects carried out by the participants of Karakuri Program has been showcased during the P2SA 20th Annual Dinner 2018 which was held at the Putrajaya Marriott Hotel on 17th November 2018.

## P2SA 20th ANNUAL DINNER 2018

## P2SA EXTRAORDINARY GENERAL MEETING 2018

The P2SA Extraordinary General Meeting was held on 17th December 2018 at Marriot Hotel Putrajaya with the attendance of 41 members and was chaired by the P2SA President, En. Musa Zahidin Tan Sri Ahmad Zaidee.

The main purpose of the EGM was to propose change of name and logo to PERSATUAN PEMBEKAL PERODUA (PERODUA SUPPLIERS ASSOCIATION); P2SA.

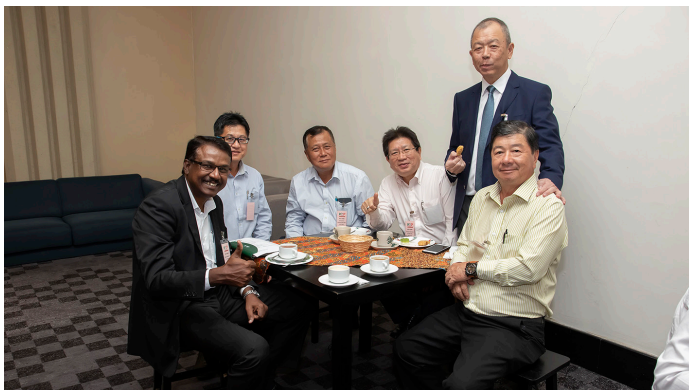

En. Musa Zahidin Tan Sri Ahmad Zaidee explained that KVP in recent meetings with a few agencies of the new government, it was perceived, the word 'vendor' as a negative connotation to the new government and 'club' gave the impression of a social entity which did not reflect the seriousness of the organization.

Over the 20 years of its inception, with the support of Perodua, this club has successfully organized trainings and study visits which helped members to improve in areas such as cost management, productivity and quality towards achieving global standards.

It is important that all efforts by the club to be correctly branded and recognized by the government, so that the vendor community is able to move forward and gain government supports; hence, the new name was proposed.

The meeting unanimously agreed to the change of the name to of PERSATUAN PEMBEKAL PERODUA (PERODUA SUPPLIERS ASSOCIATION); P2SA of which has been approved by the Registrar of Societies Malaysia.
