P2SA MATRIX CHART 2019-2020

FOREWORD

BY PERODUA AUTO CORPORATION SDN BHD, PRESIDENT AND P2SA ADVISOR

Assalamualaikum wbt and greetings to all.

We meet at the 21st Perodua Suppliers Association (P2SA) Annual General Meeting as Malaysia, and indeed the world, continues to wrestle with the COVID-19 pandemic and its huge economic effects.

While 2019 was a historic year for Perodua and P2SA members, made all the more spectacular by all the odds we faced throughout our record-breaking journey, I believe 2020 is the true test of all we have learnt these 27 years.

This challenge is faced by all of us. From the humble man in the street to the largest of conglomerates, we all have a role to play in making sure we all get through this.

For Perodua and P2SA, I see this as a golden opportunity for us to reinvent ourselves. To take stock of how far we have come, look closely at our triumphs and mistakes, and take actions to change, adapt and improve.

The symbiosis between Perodua and P2SA cannot be underestimated. Our business partnerships are strong, nurtured over many years to deliver maximum mutual benefit.

If we can continue to build upon our already-strong relationships and work even harder and smarter, I believe that together, we will emerge from this crisis better, leaner and more agile than ever before.

Crucially, we must be better-positioned to make the best out of the current situation. And that means working together as one, with open and frequent sharing and collaboration. We are here for you, just as you are here for us.

Remember – all for one and one for all, united we stand, divided we fall.

Mr. Masanori Takahashi & Datuk Ahmad Suhaimi Hashim

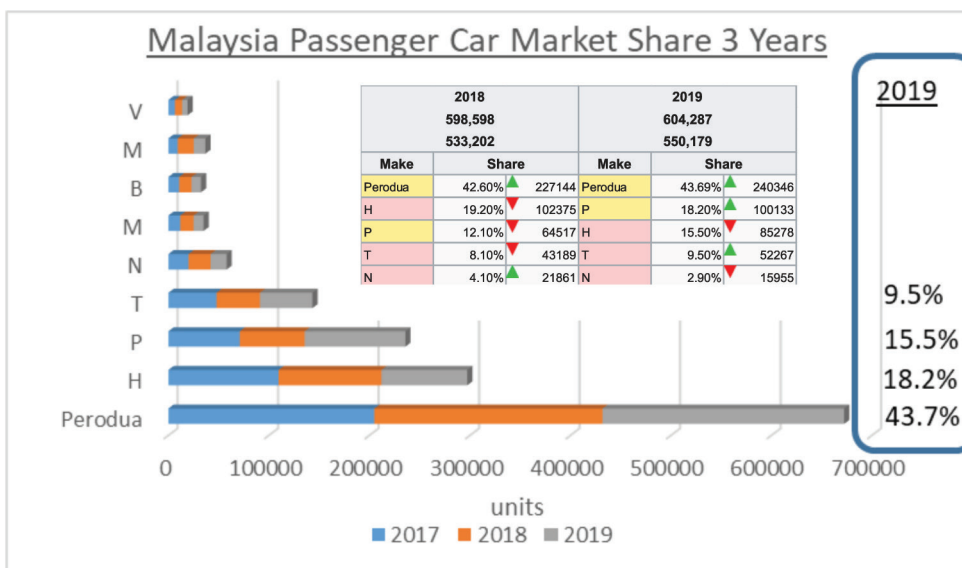

FOREWORD

BY THE PRESIDENT OF PERODUA SUPPLIERS ASSOCIATION

We started the year 2019 with great hope and expectation after a challenging and turbulent year (2018) attributable to several salient reasons. Among them were the hope of the stabilization of our new government and its policies; the expectation of improving economic conditions and the appointment of our new Perodua President, Y Bhg Dato' Zainal Abidin Ahmad.

Although the first two reasons remained as hope, the latter has evidently not only met, but exceeded expectations. The sterling performance of Perodua under the leadership of Dato' Zainal has brought us yet another historic record achievement. Not only did Perodua manage to maintain its No.1 spot as Malaysia's top selling car, but achieving history high sales numbers of 240,341 units. On the back of a 1% Total Industry Volume ("TIV") growth, being able to outperform the market by 5x or 5.8% growth from 2018 (227,243 units) is indeed no small feat. In terms of TIV for 2019 of 604,207 – Perodua stands at 39.74% ; In the passenger car segment however, Perodua holds 43.7% market share. Number one in Malaysia.

Source : MAA 2020

As we are all aware, this historic achievement follows much preparation.

Since Perodua has more than 90% local content across all models with a local purchase value of RM5.4billion this year, our members deserve a salute as well. P2SA members have managed to rise to the challenge of being able to support our strong OEM. I am proud to stand by you, our members and at the same time humbled by this achievement. Although it's nice to bask in our day in the sun, I believe none of us were actually resting on our laurels.

Although we via Perodua have achieved Malaysia's number one status, we are also aware that not all of us are up to mark yet when it comes to regional and global competitiveness. Many of our members still require strong support both in technical and technological areas. Man, Method, Machine and Morale (4M) still requires attention.

Realising this fact, we have continued to engage members by organizing numerous training events, workshops, practical sessions and skill competitions with strong support from Perodua. This year P2SA has managed to work well with Perodua Dojo and Development Centre (DDE). Following discussions with and encouragement from Takahashi San, PCSB President, P2SA members are now allowed to attend, participate and compete in Perodua's in-house skills contest. Each Shop has its respective categories like Body Shop welding skill challenge, Paint Shop challenge, Press shop FMDS etc. Furthermore, theory and practical classes for skill-upgrade organized by DDE under Dr. Selvam are also open to P2SA members at very reasonable prices. Certain programs are HRDF claimable. I urge members to continue to take advantage of this opportunity and I congratulate members who have actively participated this year.

This year's international benchmarking exercise was conducted in Indonesia. Winners of best vendor performance were fully sponsored by Perodua. The visit was definitely an eye opener as some local companies were exceptional in their management. Their attentiveness to training their team members not only on job skill based but in personal development is at par with multinational companies. We must therefore take heed of regional advancements and continue to push ourselves to attain global standards.

Your Executive Committee has done an excellent job this year with even more events and programs being organized. Despite their busy schedule, they have graciously made time and put in good effort in ensuring each program is a success and meets its objective. Special thanks to Datuk Ahmad Suhaimi Hashim, our P2SA advisor, whom have strongly supported us, attended our Exco meetings diligently and constantly providing us good advice. Communication during challenging times have been made easier due to our solid relationship with Perodua and I am blessed and honoured to be working together with them in championing our cause, interest and well-being.

To all members of P2SA, please continue your strong support and patronage as it provides astounding encouragement for us to continue to do the best we can.

All for One & One for All...

THE LAUNCHING OF THE PERODUA SUPPLIERS ASSOCIATION (P2SA)

Kelab Vendor Perodua (KVP) was formed in 1996. Being a club of more than 2 decades, KVP has experienced many significant moments. Our activities were more social oriented aimed at strengthening the relationship between Perodua and members. In line with Perodua's transformation program, it was time for KVP to evolve with a new spirit; hence, in December 2018 with unanimous support from our members at an EGM, Kelab Vendor Perodua (KVP) was rebranded as 'Perodua Suppliers Association' (P2SA). Its new logo was launched at MARii's Malaysia Autoshow 2019 and was officiated by the Prime Minister of Malaysia YAB Tun Dr Mahathir Mohammad.

With the commencement of the re-branding effort, P2SA which now has a total of 128 companies registered as component suppliers to Perodua both domestically and abroad and with a workforce of over 100,000, has started to add more programs and activities to reinforce the development of best practices for its members, not only in management tools and processes, but also in human development.

P2SA in collaboration with Perodua have organized numerous programs and activities such as the Karakuri competition (mechanical based methods to increase productivity in the process), Dojo introduction, FMDS training, Technical Seminars and study trips to Best Local and Multinational companies as well as various industry-based training activities to enhance our capabilities in facing global challenges. These activities were over and above the Annual Golf Tournament, CEO Conference, P2SA Caring Activities, Annual Dinner and other social events. The dedication and commitment of the EXCO members were exemplary in managing these events.

In addition, P2SA is proud that some of our members have managed to achieve high standards of competitiveness and quality under the guidance of Perodua that they are now part of Daihatsu Motor Company Japan's global supply chain.

PERODUA SUPPLIERS ASSOCIATION (P2SA)- GOVERNMENT ENGAGEMENTS

Perodua Suppliers Association (P2SA) formerly known as Kelab Vendor Perodua (KVP) has gone through the process of rebranding. The new name was introduced in April 2019. P2SA has been actively promoting its cause and interest of its members by calling on several government agencies such as the Ministry of International Trade & Industry (MITI), Ministry of Foreign Affairs, Ministry of Entrepreneur Development and Ministry of Finance as courtesy visits.
