FOREWORD

**BY PERODUA AUTO CORPORATION SDN BHD,
PRESIDENT AND P2SA ADVISOR**

Thank you for your continued commitment to Perodua Suppliers' Association (P2SA) by attending and actively participating in this event.

The 23rd P2SA Annual General Meeting is an important platform to understand the industry's future direction, our current challenges and ultimately how we choose to move forward.

P2SA has grown as an association, especially in light of the multiple crises that we had to face over the last 2 years and we overcame most of these by helping each other.

We hope to further build on this momentum, not just in times of crisis but also in forging our future.

There will be a lot of changes ahead as we will be committing to a more eco-friendly future by reducing our carbon footprint and making the transition from the internal combustion engine to hybrid technology and then to full electrification.

These changes will come and only with a united and committed front can we hope to reap the full benefit of these changes.

Thank you.

Mr. Masanori Takahashi & Datuk Ahmad Suhaimi Hashim

FOREWORD

BY THE PRESIDENT OF
PERODUA SUPPLIERS ASSOCIATION

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

On behalf of the P2SA Exco members, I would like to express our appreciation to all members in attending our 23rd Annual General Meeting despite still recovering from the Covid-19 Endemic phase. Your kind co-operation and understanding in practising strict SOPs is indeed much appreciated.

Economically, it is undeniable that 2021 has proven itself to be the most challenging year yet, not only affecting our automotive ecosystem but our country and the world as a whole. For us in the auto industry, A complete production cessation of 76 consecutive days from June to August last year is in fact, unprecedented. Rocketing raw material prices, labour cost, global shortages of key components which began last year are also unprecedented. We opened the year facing natural disaster vis-a-vis a major flood in Klang Valley is also unprecedented. Alhamdulillah Syukur! Despite all this challenges, we are still here.

Throughout Q1 2022, Malaysia's monthly GDP grew consistently at a rate of 4.3% in January, 5.2% in February, and 5.4% in March respectively. This is indeed a good sign of recovery from last year's performance which is reflected by the increasing demand for vehicles during the period. As we know, Perodua is one of the beneficiaries of this recovery, with almost 6 digit bookings across all Perodua models.

However, we are aware of the challenges faced by more than 50% of our members – as mentioned above, manpower shortage, sky rocketing raw material prices, new minimum wage order and global shortage of components threatens to disrupt this recovery. These challenges must be tackled with tact, sensitivity, mutual understanding and co-operation among P2SA members, Perodua and the government. From past experience, we are all aware of how Perodua has continuously and strongly supported the industry and our ecosystem. Material price adjustments, financial assistance via advance payments, manpower support (during the floods) are testimony of their unwavering commitment to our industry, Befitting and responsibly playing its role as Malaysia's National Car.

As a National Car Brand, Perodua is also sensitive and aware of the hardship and condition of average Malaysians. With CPI creeping up, especially with the recent hike in food prices (4.0% yoy March 2022 vs. March 2021 as reported by the National Statistics Department), there were no increases in current model selling prices. We as P2SA members should also play our role as suppliers to the National Car by understanding these sensitivities, intricacies and expectation of the government and the Malaysian public.

Continuous improvements (Kaizen) in productivity, efficiency and cost management are vital and key elements for our survival and continuity. CN50 is also another aspect that we all must be prepared for.

It is my hope that with Malaysia's entry into the endemic phase, Perodua will continue to work closely with P2SA regarding up skilling of our members via training and knowledge sharing.

We had several discussions with Perodua's Development and Dojo Education Department (DDE) and came up with 8 main training modules which are mostly HRDF claimable. They include, Shop-floor Management (FMDS), Safety, Health and Environment, Total Preventive Maintenance (TPM), Licensed forklift and elect-port training, 4S Dojo, to name a few. Recent online programs were successfully organized and we received overwhelming response from members.

I must congratulate and convey my gratitude to the active P2SA members in playing their role, supporting not only our programs but our members in their time of need via resource sharing-be it materials, spare parts, manpower etc. The comradery and spirit of working together is indeed fantastic and admirable. We are all clearly aware that we have to function as one! And indeed, this is proven. Let's continue this spirit to benefit our companies, Perodua, our industry and our country.

In closing, I'd like to thank our Executive Committee Members whom have done an excellent job. Special thanks to Datuk Ahmad Suhaimi Hashim, our P2SA advisor, whom have strongly supported us, attended our Exco meetings diligently both online and live. Not forgetting Datuk Zainal Abidin Ahmad, Takahashi San and Perodua Top Management for their guidance. Communication during challenging times have been made easier due to our solid relationship with Perodua.
Stay Safe.

Wassalamualaikum Wbt.

Musa Zahidin Tan Sri Ahmad Zaidee
