## **FOREWORD BY PERODUA AUTO CORPORATION SDN BHD, PRESIDENT AND P2SA ADVISOR**

Change is here.

The Perodua Suppliers Association's (P2SA) Annual General Meeting this year is a significant one as changes to the local automotive landscape have started as we begin our EV journey.

This journey goes beyond electrification but towards sustainability for all of us. Sustainability in our environmental practice, sustainability in our operations, and sustainability in the face of increased competition and challenges.

These goals, while seem large, can be achieved if we make the right decisions, have the correct understanding of where the future of automotive is moving, and are willing to make the investments and changes in order to adapt.

P2SA is that entity as it has proven itself able to be agile in meeting global challenges in the form of pandemics, a worldwide supply disruption and the volatility of our currency's value.

We look forward to the outcome of this year's AGM as the next few years will offer many opportunities for all of us, and P2SA's role in shaping the country's future begins here.

**Mr Masaki Ogita and YBhg. Datuk Ahmad Suhaimi Hashim**

## FOREWORD BY THE DEPUTY PRESIDENT OF PERODUA SUPPLIERS ASSOCIATION

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Fellow P2SA members, Welcome to our 24th Annual General Meeting. It has yet been another challenging year with new records being broken and new milestones reached! On behalf of the Exco, I'd like to thank each and everyone of you who have contributed positively in enabling us to successfully obtain this excellent achievement.

In 2023, Malaysia's TIV reached a record high of 799,700 units, an 11% increase from 2022. Perodua as the No.1 car company with 41% market share has managed to produce a staggering 343,400 units of cars with 330,325 units being registered. An increase of 18.8% (from 289,000 units produced) and 17.1% (from 282,000 sold) respectively in 2022.

Another noteworthy mention is that in October 2023, we had achieved the highest monthly production volume of 35,111 units. These are all history highs and we must realise that it takes all of us to work as one, working together in harmony to accomplish such a feat. Kudos to all.

Even though we have managed to weather the storm of pandemics, labor shortages, increased wages, global supply chain disruptions, general rise in business costs and (Russia and Ukraine) wars, our plight going forward is one which is packed with further new challenges. Global automotive industry transitioning from internal combustion engine (ICE) base vehicles to Electric Vehicles (EV) and other non-fossil fuel base powertrains, escalating tensions in the Middle-East, possible rise in fuel costs and adoption of sustainable development goals are but some to name a few.

By now, we have surely realised that the only constant is 'change' and our agility and ability to adapt successfully to these changes are our collective strength which we should embrace. We have no choice but to change – transform – as it is inevitable for our survival. Our continued success could only be possible with the right knowledge, process and structure. P2SA will continue to strive and assist our members in moving forward with programs and events relevant to our cause.

"It's only after you've stepped outside your comfort zone that you begin to change, grow and transform" – Roy T. Bennett

Our esteemed Advisor, Datuk Ahmad Suhaimi; President of PCSB Mr Ogita and most importantly, President of Perodua Dato Sri Zainal Abidin, on behalf of P2SA we thank you and the Perodua team for your strong support and guidance during these turbulent times.

**Tn. Hj. Musa Zahidin Tan Sri Ahmad Zaidee**
